

Professional Business English

12 Week Certificate Course

For many reasons, including the internationalization of the business world, it is becoming more and more essential for all professionals to be able to facilitate discussions in English. The Professional Business English Course is specifically designed for students who want to improve their ability to work effectively in English in a professional business setting.

This course begins at an upper intermediate level of proficiency, and is geared towards those who need to perfect their English for professional purposes including the ability to negotiate successfully in English. The materials focus on professional communication skills, and are based on real-world companies and issues, making the lessons both relevant and applicable.

inlingua Level Requirement

Minimum General English upper **Level 4** or **IELTS 4.5**. Students must complete an in-house test to determine their level if they do not already have a score to submit.
