

# onTESL Teacher Training Certification

## 12-Week Online TESL Certificate

The purpose of the TESL Canada certification is to promote excellence in the teaching and learning of English as a Second Language (ESL) across Canada by promoting professional certification standards that are recognized in all provinces.

The program is divided into 12 separate modules which are presented sequentially. This course includes 10 hours of online teacher observation and 10-hour teaching practicum with ESL students from around the world who are attending our English Language Courses.

### EACH MODULE INCLUDES

- Textbook unit
- Work book unit
- Assignments
- Interactive activities
- 30-minute meetings with our TESL tutor

### METHODOLOGY

- Online Study
- Study at your own pace over 12 weeks
- Weekly tutorials and feedback from the OnTESL tutor
- Evaluation is based on homework, assignments, exams, and participation

## Why TESL Teacher Training?

Taking part in inlingua Victoria's TESL Teacher Training Certification Course is a worthwhile investment for those looking to teach English as a Second Language (ESL).

With the ESL industry valued at a multi-billion dollar rate, it is no surprise that this course stands out amongst its peers. The program helps aspiring teachers develop the knowledge and skills required to lead an English class, making them well-prepared and highly sought after.
